*Meeting note: The call-in number is (605) 313-5692 and 7857820 is the access code.*

**TOWN OF DRESDEN**
**Hulett's Landing Sewer District #1 Committee Meeting**
**September 28, 2026 5:30pm Meeting Agenda – Dresden Town Hall**

Attendance: Suzy Shad, John Nephew, Patrick Keenan, Don Gellenthien, Mary LaBrie, Marilyn Borden, Matt Fuller, George Kapusinski, Joanne Keenan

**Sewer General**

1. System improvement proposals – LaPlante, Avanti, Siewert
    a. We will be getting three bids for the sewer monitoring system per the procurement policy. Siewerts will be coming into town to create an accurate quote.
2. Tree clearing along the 1st fairway – proposals and TWAs
    a. Both temporary work authorizations are completed and signed and on file with the town clerk, the clerk will mail back copies to the signees for their records
    b. Of the three quotes that were received, Tom Dietrich is the apparent low bidder, a contract will be made between the town and the contractor before the work proceeds, which will be after Columbus Day to not impact users of the golf course
3. Sewer Superintendent RFQ job advertisement – runs this Thursday
    a. Advertisement is open until 10/30/26, applicants can get full RFP from the town clerk and online. Applicants will be walked around the districts so they get a full understanding of the job.
4. Sewer maintenance update – any maintenance/issues to report
    a. Fortunately no new issues.
5. Expenses – anything atypical
    a. We've been procuring small items to make the job easier – two different sewer cleanout keys were picked up, and also new pH buffer, a trailer lock, and a chain to keep the trailer safe.
6. National Grid Bills
    a. meter at Albert & CR 6 – this is going to need an electrician to figure out how this is set up. This is a parking lot item at the moment.
    b. Proposal for permanent fix for Boland pump station electrical – over $5k procurement policy threshold
        i. We will need to get three bids for this from contractors.
7. Sewer Lateral Applications – anything impacting SD#1
    **a.** None made.

**Sewer District #1 Engineering Study**

1. Final invoices submitted – the district submitted a request for payout of $6,112.50 from EFC.

**Parking lot items**

- Monitoring wells
- Law overhaul to replace SD#1 standalone law and implement an umbrella law to cover all sewer districts within Dresden is simply in discussions, nothing is written; It would be an

overarching law to cover both districts and any number of future districts, allows for uniqueness of individual districts

- Proportional billing / flow meters for SD#1– topic is continually open for public comment. All ideas are considered. Nothing has been written to implement this in to law.
