

Residents of Sewer Districts #1 and #2: Building Permit - Local process now in place

Hello neighbors,

In the interest of protecting our shared sewer infrastructure, Hulett's Sewer District #1 and Fredericks Point Sewer District #2 properties must complete a form local to Hulett's in order to proceed with a building permit application. Please think of the infrastructure below the ground - if a project is going to dig into the earth enough that it could reach a line, this form is needed.

Please follow the process outlined in the Washington County Building Permit. Our LRCC #1 form is linked below.

Washington County building permits are available at:

<https://www.washingtoncountyny.gov/656/Permits>

Direct link: <https://www.washingtoncountyny.gov/DocumentCenter/View/464/Building-Permit-Application-PDF-fill-in>

Our version of the LRCC#1 is the Hulett's Sewer Lateral Permit and Determination Application. These forms are available at:

<http://townofdresdenny.com/documents.html>

Direct
